Ask any Conservative nonprofit or NGO and they will tell you it takes years of litigation to get a FOIA request - and you still don't get bulk emails from the government.

Awareness is good. But what can the populace do about the direction we're heading? At this pace, the country may be unsalvageable by 2024. Tyranny is ramping up at a shocking pace

Yes he did, and yet I have seen more from the republican's party on his criminal behavior in this regard. He clearly used his position on intel to push lies as though they were truth and campaigned off them. When are we going to see his arrest?

Totally wrong. Completely wrong. I never even spoke to Pompeo about it.
And the Ecuadorean Amb in Germany approached me. They had one request.

I presented the deal they offered - which was a guarantee from the US govt that Assange not get the death penalty
DoJ agreed

Gotta dig how most of the Russian tanks and trucks have big "Z" in white spray painted on them
That way they can tell all Ukraine equipment is NOT Z, even if they aren't flying the Swastika flags and only have tattoos

To be honest, people are having a hard time paying their bills, rents, gas, food, so I think their last concern right now is that Russia has their legal turn at the UN. We made them our enemy and now we have to live with the consequences of that. Maybe instead of lying about... Tunjukkan lagi

Wrong. You've crossed the line into homophobic tropes.

The very real policy discussions, however, are on protecting children, women's sports, as well as neocon/pro war votes

Scott Morefield @SKMorefield · 22h
Gender ideology is evil at its core and is just as much an attack on homosexuals as it is on straight people. It must be destroyed, root and branch, and any politician who gives it quarter should be defeated. But yes, obviously we are allies on the important issues you list

Right liberalism is not conservatism

Homosexuality is intrinsically disordered and a destabilizing social and cultural force, and its normalization has led to the proliferation of gender identity insanity, commodification of children via surrogacy and other intrinsic evils.

Ric, you do NOT know that the papers were declassified. Separately, you DO know that keeping these papers is against the law whether or not they're classified. That said, I agree that what Hillary did was worse and that's why this is a big problem for the FBI.

It was all declassified papers (not accessible digitally) and kept in a former President's office - guarded by the United States Secret Service.

Hillary was never President, her documents were never declassified and were all available digitally ONLINE for hackers.

Not declassified. Catastrophic to declassify in any case. Found in multiple rooms. No evidence Secret Service knew of them or was guarding specific rooms. Hillary's server was secured and never breached. 3 emails vs. hundreds of most sensitive secrets. Anything I missed?

Matt Beebe @TheMattBeebe · 31,2022
Well, it wasn't accessible digitally until the FBI agents took pictures of it from their IPhones (which mirrored to the iCloud) then transmitted it over unclass networks, and then processed it digitally to redact/mask the purportedly classified sections.

> Why aren't there declassification markings on this staged photo op from the corrupt FBI? If they really believed it to be classified, the device taking photo & every communications device that the unredacted photos traversed would be consider classified at the highest level 1/

Fair points about Hilary, and Secret Service guarding Mar A Lago, but how do you know these particular documents were declassified? Surely there's a process to declassify documents. You don't just wave your hands and say, "abracadabra, declassified"

The Secret Service guard the former president not MAL. Part of the obstruction charge comes from the moving and hiding some of the documents. That means there is evidence they can produce proving that.

Wrong. You've crossed the line into homophobic tropes.

The very real policy discussions, however, are on protecting children, women's sports, as well as neocon/pro-war votes.

Gender ideology is evil at its core and is just as much an attack on homosexuals as it is on straight people. It must be destroyed, root and branch, and any politician who gives it quarter should be defeated. But yes, obviously we are allies on the important issues you list.

Again, but you have crossed the line into attacking homosexuality

Gay conservatives are at the forefront of fighting against children being sexualized and mutilated

And are against neocons pushing war

Ric, you do NOT know that the papers were declassified. Separately, you DO know that keeping these papers is against the law whether or not they're classified. That said, I agree that what Hillary did was worse and that's why this is a big problem for the FBI.

The Secret Service guard the former president not MAL. Part of the obstruction charge comes from the moving and hiding some of the documents. That means there is evidence they can produce proving that.

Not declassified. Catastrophic to declassify in any case. Found in multiple rooms. No evidence Secret Service knew of them or was guarding specific rooms. Hillary's server was secured and never breached. 3 emails vs. hundreds of most sensitive secrets. Anything I missed?

Well, it wasn't accessible digitally until the FBI agents took pictures of it from their iPhones (which mirrored to the iCloud) then transmitted it over unclass networks, and then processed it digitally to redact/mask the purportedly classified sections

Well, it wasn't accessible digitally and the FBI agents took pictures of it from their iPhones (which mirrored to the iCloud) then transmitted it over unclass networks, and then processed it digitally to redact/mask the purportedly classified sections.

Matt Beebe @TheMattBeebe · Ogo 31, 2022
Why aren't there declassification markings on this staged photo op from the corrupt FBI? If they really believed it to be classified, the device taking photo & every communications device that the unredacted photos traversed would be consider classified at the highest level 1/

Wasn't it determined that Hillary's mail server had been compromised to auto bcc mail to an external email address?

Not declassified. Catastrophic to declassify in any case. Found in multiple rooms. No evidence Secret Service knew of them or was guarding specific rooms. Hillary's server was secured and never breached. 3 emails vs. hundreds of most sensitive secrets. Anything I missed?

Matt Beebe @TheMattBeebe · 31 août 2022
Well, it wasn't accessible digitally until the FBI agents took pictures of it from their IPhones (which mirrored to the iCloud) then transmitted it over unclass networks, and then processed it digitally to redact/mask the purportedly classified sections

> Why aren't there declassification markings on this staged photo op from the corrupt FBI? If they really believed it to be classified, the device taking photo & every communications device that the unredacted photos traversed would be considered classified at the highest level 1/

Controversy is your middle name.

For someone who directed the efforts of our Nation's intel comm, you stepped in it time and again.

No wonder you lasted just a couple months.

Ric, you do NOT know that the papers were declassified. Separately, you DO know that keeping these papers is against the law whether or not they're classified. That said, I agree that what Hillary did was worse and that's why this is a big problem for the FB

It was all declassified papers (not accessible digitally) and kept in a former President's office - guarded by the United States Secret Service.

Hillary was never President, her documents were never declassified and were all available digitally ONLINE for hackers.

. @Reuters' "reporter" @ph.ldstewart said he had THREE (3) US officials telling him it was Russia, Russia, Russia.

Did Phil tell his editor who these individuals were? Was Phil lying? Were there really US officials saying this?

Who is Phil's editor?

Add Sudan to the long list of foreign policy disasters ushered in under Joe Biden and Anthony Blinken.

The *annual* UN budget for peacekeeping in Sudan & South Sudan is more than $1.5 billion - Americans pay roughly 25%.

It was largely peaceful under Trump.

#BREAKING. A HEAVY US military presence—including military helicopters and combat aircraft—have been spotted in the skies above the U.S. embassy compound in Sudan as fighting continues

Sudan has been a policy disaster waiting to happen for a fairly long time though. Which is something that the general public isn't going to be aware of, it was going to happen on someone's watch, it just happened to happen under Biden's here

2 1

BasedBoyScout @basedboyscout · 1h

Also to be fair was far less likely to have become a disaster had we not destabilized Libya but oh well just another smoking ruin at the Clinton State Department's feet there

Ask any Conservative nonprofit or NGO and they will tell you it takes years of litigation to get a FOIA request - and you still don't get bulk emails from the government.

There are two sets of rules in DC and it's getting worse

He also says that most of the Americans trapped are dual citizens & don't want to leave

Unlike Egypt...

EGYPT:

Egypt's state-run MENA news agency says the country is urging the more than 10,000 Egyptian citizens in Sudan to head to consular offices in Port Sudan and Wadi Halfa in the north for evacuation. Buses carrying an undisclosed number of Egyptian citizens crossed into Egypt from the Arqin border crossing on Monday.

Ron DeSantis was elected when voters believed Resign To Run was the law

If Florida changes the law now then it should start with the next Governor - if you want to be transparent with the people who just elected you.

The bait and switch is typical politics

> Simultaneously the Florida "resign to run" law is about to be rescinded (buried deep in an election reform bill that's making its way to the senate now).
>
> Not illegal but clearly being done so Desantis can run without having to resign. twitter.com/RealCandaceO/s...

disagree here. there's a reason trump and dems don't want him to run and this isn't it. not saying trump will lose in primary but he shouldn't win because his best challenger is a no show

Add Sudan to the long list of foreign policy disasters ushered in under Joe Biden and Anthony Blinken.

The *annual* UN budget for peacekeeping in Sudan & South Sudan is more than $1.5 billion - Americans pay roughly 25%

It was largely peaceful under Trump.

Sudan has been a policy disaster waiting to happen for a fairly long time though. Which is something that the general public isn't going to be aware of, it was going to happen on someone's watch, it just happened to happen under Biden's here

Also to be fair was far less likely to have become a disaster had we not destabilized Libya but oh well just another smoking ruin at the Clinton State Department's feet there

It was all declassified papers (not accessible digitally) and kept in a former President's office - guarded by the United States Secret Service.

Hillary was never President, her documents were never declassified and were all available d gitally ONLINE for hackers.

Not declassified. Catastrophic to declassify in any case. Found in multiple rooms. No evidence Secret Service knew of them or was guarding specific rooms. Hillary's server was secured and never breached. 3 emails vs. hundreds of most sensitive secrets. Anything I missed?

Matt Beebe @TheMattBeebe · 31. 8. 2022
Well, it wasn't accessible digitally until the FBI agents took pictures of it from their iPhones (which mirrored to the iCloud) then transmitted it over unclass networks, and then processed it digitally to redact/mask the purportedly classified sections.

> **Matt Beebe** @TheMattBeebe · 31. 8. 2022
> Why aren't there declassification markings on this staged photo op from the corrupt FBI? If they really believed it to be classified, the device taking photo & every communications device that the unredacted photos traversed would be considered classified at the highest level. 1/

At no point did he comment on reading or understanding road signage

He commented on topics explored in this article - linked for your convenience - & how underserved areas have higher injury & mortality rates

But of course you knew that.

Florida GOP Representative Jeff Holcomb says the quiet part out loud on the House floor today

"Our terrorist enemies hate homosexuals MORE THAN WE DO."

Audible gasping in the chamber

And then there's @RepSkidmore's reaction. 😲

If the Mayors office believes this is going to get better and the community needs the store she should be happy to indemnify Wal Mart for any losses as the city improves and assume liability for any damage, losses and employee injuries. Move the risk to those who can fix it. Показать еще

Ron DeSantis was elected when voters believed Res.gn To Run was the law

If Florida changes the law now then it should start with the next Governor - if you want to be transparent with the people who just elected you.

The bait and switch is typical politics

> Simultaneously the Florida "resign to run" law is about to be rescinded (buried deep in an election reform b ll that's making its way to the senate now).

Add Sudan to the long list of foreign policy disasters ushered in under Joe Biden and Anthony Blinken.

The *annual* UN budget for peacekeeping in Sudan & South Sudan is more than $1.5 billion - Americans pay roughly 25%

It was largely peaceful under Trump

Add Sudan to the long list of foreign policy disasters ushered in under Joe Biden and Anthony Blinken.

The *annual* UN budget for peacekeeping in Sudan & South Sudan is more than $1.5 billion - Americans pay roughly 25%

It was largely peaceful under Trump.

Sudan has been a policy disaster waiting to happen for a fairly long time though. Which is something that the general public isn't going to be aware of. It was going to happen on someone's watch, it just happened to happen under Biden's here

Sudan has been a policy disaster waiting to happen for a fairly long time though. Which is something that the general public isn't going to be aware of, it was going to happen on someone's watch, it just happened to happen under Biden's here

Add Sudan to the long list of foreign policy disasters ushered in under Joe Biden and Anthony Blinken.

The *annual* UN budget for peacekeeping in Sudan & South Sudan is more than $1.5 billion - Americans pay roughly 25%

It was largely peaceful under Trump

An American citizen who "invades" the Capitol and threatens politicians gets 20 years in prison. A non-citizen who invades the country and threatens America gets a debit card, a bus ride and a hotel room. The corrupt politicians represent themselves, not working class Americans.

The elites and the system absolutely do not want Donald Trump going back to Washington.

It's the people vs the system operators.

They will destroy our institutions to stop him.

Trump 2024.

Trump continues to show that he has no interest in going back to Washington D.C. as POTUS through his actions and words - also, see his Truth Social posts.

Candidates don't even have to say anything - Trump does all the work for them. Is that going to change?

It hasn't so far

Max Berger is intolerant of dissenting views

It is unAmerican to not be able to listen to diverse viewpoints. Labeling everything you disagree with as "misinformation" is intolerant.

Erdogan had a much stronger showing than expected from the US media.

One of the reasons is that @JeffFlake became an issue in the election - he met with the opposition candidate and inflamed people who saw it as Biden team meddling in a NATO ally's election.

It was a big mistake

Ron DeSantis was elected when voters believed Res.gn To Run was the law

If Florida changes the law now then it should start with the next Governor - if you want to be transparent with the people who just elected you.

The bait and switch is typical politics

You are unserious. And pathetic

The AFD is an official party in Germany. Merkel met with them, so does Scholz.

This picture was US Embassy's 4th of July where all members of the Bundestag are invited and get a picture.

But you always push fake news....

Rep. Eric Swalwell @RepSwalwell · May 19

Hey @RepDanGoldman, some background on Ric Grenell. When he was America's Ambassador to Germany he was pals with Neo-Nazis — and I've got the receipts. Here is Ric as our ambassador hanging with an AFD (Neo-Nazi) party member. What a smile! twitter.com/RichardGrenell...

And let's compare my work in Germany to yours.

I stood against the Nord Stream 2 Putin pipeline while you and your party mocked Trump and me for pushing the sanctions.

Then your party dropped the Trump sanctions on Putin's pipeline and helped create a war in Ukraine

Vučić was never, ever a serious EU partner. He was never truthfully and wholeheartedly proEU oriented. He was poisoning Serbian citizens with nationalism, radicalism and Putinophilia for a decade and as a part of Milošević's regime as well.
He is a so deeply disturbed man

Serbia was one of the few countries declared "Judenfrei" ("Jew free") as 94% of its Jewish population was exterminated

This was before mass murders in Auschwitz began & per historian John K. Cox, might have "encouraged" the Nazis to pursue the "Final Solution" across Europe

The AFD is an official party in Germany. Merkel met with them, so does Scholz

This picture was US Embassy's 4th of July where all members of the Bundestag are invited and get a picture

But you always push fake news ...

Hey @RepDanGoldman, some background on Ric Grenell. When he was America's Ambassador to Germany he was pals with Neo Nazis -- and I've got the receipts. Here is Ric as our ambassador hanging with an AFD (Neo Nazi) party member. What a smile! twitter.com/RichardGrenell...

@RichardGrenell

And let's compare my work in Germany to yours.

I stood against the Nord Stream 2 Putin pipeline while you and your party mocked Trump and me for pushing the sanctions

Then your party dropped the Trump sanctions on Putin's pipeline and helped create a war in Ukraine.

I'm in Belgrade now.
I have been in the region all week meeting with Prime Ministers and Presidents.

Everyone knows the Biden team is weak.

It's clear Biden's lack of leadership in the Balkans has moved us from stability under President Trump to conflict under Biden.

It's not even perceived conflict - but actual conflict.

The US policy of sitting back and asking Brussels to lead HAS NOT WORKED.

Another example of what is happening around the world without Donald Trump as President of the United States

Thank you, Senator Cruz for speaking out now.

We made it clear to Uganda in the Trump Administration that criminalizing homosexuality is wrong. No one should be in jail for being gay. Ugandan leaders understood the message

Why hasn't the Biden State Department been as clear as we were?!

Ted Cruz @tedcruz May 29
This Uganda law is horrific & wrong

Any law criminalizing homosexuality or imposing the death penalty for "aggravated homosexuality" is grotesque & an abomination

All civilized nations should join together in condemning this human rights abuse

Who should Trump appoint as AG and Director of the FBI to clean out these agancies and put in good people?

We need our government back working for the people and we need the swamp drained.

Vučić was never, ever a serious EU partner. He was never truthfully and wholeheartedly proEU oriented. He was poisoning Serbian citizens with nationalism, radicalism and Putinophilia for a decade and as a part of Milošević's regime as well.
He is also deeply disturbed man

Serbia was one of the few countries declared "Judenfrei" ("Jew-free") as 94% of its Jewish population was exterminated

This was before mass murders in Auschwitz began & per historian John K. Cox, might have "encouraged" the Nazis to pursue the "Final Solution" across Europe

@alb.nkurti hasn't implemented agreed upon points from many years ago.

And why nothing about #HashimThaci_RKS today?! Our NATO ally Albania has a Prime Minister very unhappy for how Europe and The Hague (Jack Smith) treated President Thaci (who Joe Biden called George Washington)

And let's compare my work in Germany to yours.

I stood against the Nord Stream 2 Putin pipeline while you and your party mocked Trump and me for pushing the sanctions

Then your party dropped the Trump sanctions on Putin's pipeline and helped create a war in Ukraine

With all due respect, Marc, Kayleigh has been critical of Trump for awhile now. She's grown more vocal with her attacks

Which is her right.

But why can she be disloyal and critical of Trump but he can't?

As someone who has been in politics for decades, you know loyalty is key ..especially when your entire career is made because of the opportunity someone gave you. She's on Fox because of Trump. She's written popular books because of Trump.

You've been loyal to the guy who helped launch your career - George Bush. Have you agreed with every decision Bush has made or have you just decided to be loyal to Bush?
I haven't seen you once criticize Bush.

If you aren't watching what is unfolding in Arizona then you shouldn't be talking about election integrity

Hamadeh's legal team has hundreds of affidavits from people who voted - but their vote wasn't counted.

He's only 280 down in Katie Hobbs count.

9k votes found - and uncounted. #scandal #stolen

And why nothing about #HashimThaci RKS today?! Our NATO ally Albania has a Prime Minister very unhappy for how Europe and The Hague (Jack Smith) treated President Thaci (who Joe Biden called George Washington)

Kash Patel is a political hack for Donald Trump, under investigation by the DOJ for leaking classified information.

Today's @Weaponization witnesses were bought and paid for by Patel.

This committee is simply an arm of Trump's criminal defense team.

He is shaking as he speaks. He's so nervous

He has always overplayed his hand in the cases he's handled because he's an emotional partisan activist

His Kosovo case is falling apart and his own witnesses there are now claiming he and his team at The Hague faked CIA officials to intimidate them.

Aaron Rupar @atrupar 8h

Jack Smith: "It is very important for me to note that the defendant in this case must be presumed innocent until proven guilty beyond a reasonable doubt in a court of law. To that end, my office will seek a speedy trial in this matter."

Yep. I was interviewed in DC. And *before I left the courthouse* they had leaked their Grand Jury questions to me to CNN.

Joe Biden is trying to lock up his political opponent.

Julie Kelly @julie_kelly2 · 20h

Is this not shady as hell? washingtonpost.com/national-secur...

Biden then weaponizes ALL 3 alphabets against his primary running mate .. We're witnessing Americas swift fall to third world corruption status.

Joe Biden and the Europeans drew a redline last week. They said Albin Kurti must deescalate and launch new elections immediately

This morning, Kurti gave them the middle finger and escalated the situation further.

Another redline crossed - countries don't respect Joe Biden.

Today, GOP is honoring Richard Grenell on our Senate floor, after having protested our actual Pride celebration

Grenell is a self hating gay man. He's a scam artist punk washer for Trump & spreads anti-LGBTQ, anti-vax, election-denier conspiracy theories glaad.org/gap/richard-grenell

I strongly disagree, Ben

This cannot be dismissed as just a joke.

It must be condemned.

I have a feeling he's going to be caught up in a sex scandal involving minors very soon

Take that to the bank.

Gavin demands that his gays be radical Lefties who support kids chopping off their genitals.

It's sick.

Most gays - yes, MOST - think this is wrong and should be stopped.

Gavin Newsom @GavinNewsom
CEO of Target Brian Cornell selling out the LGBTQ+ community to extremists is a real profile in courage.

This isn't just a couple stores in the South. There is a systematic attack on the gay community happening across the country.

Wake up America.

Not a good idea to bite the hand that has fed you for decades.

The *truth* is the international community told Kurti on June 3 that he should stop making unilateral moves, announce elections and create the Serb Municipalities.

You didn't speak up. This is the truth, too.

This is the Left in America. Wise up.

It doesn't matter who is or isn't Speaker .

The DC media need to wake up why is Avril Haines briefing the minority party leader (her party) first?

There are U.S hostages held in Gaza

Joe Biden went to Israel and didn't speak about them, didn't get to meet with leaders who could help get them returned and returned home calling the terrorists who took the US hostages "the other team" who needs to "learn to shoot straight"

The LA Times is your side's media outlet.

You helped create this pro-Hamas, cancel culture, woke universities, Sanctuary cities, open border society

Below is today's lead headline at @latimes. The Times simply accepts what terrorist organization Hamas said even though it's false. This both sides journalism is factually wrong. A true headline would say "Rage spreads over Gaza hospital blast amid false narrative from Hamas."

Guatemalan President @DrGiammattei leaves office tomorrow.

Joe Biden's Administration went after Giammattei politically because he didn't share their terrible Left wing policies.

Remember when Giammattei refused to go to Los Angeles for Biden's Summit of the Americas?! (Biden hasn't forgotten)

Biden and his team wanted to control who was the Attorney General in Guatemala and Giammattei said NOPE.

Watch for the Biden team to "try" and weaponize the Justice system (again) against Giammattei this time when he leaves office.

The Regime in Washington, DC is corrupt and trying to intimidate and control foreign courts!

This is so true.

The Germans are pushing a UN resolution to label a Genocide 29 years after the fact.

Not all war crimes should be labeled genocides. Pushing some other war crimes into the Genocide label weakens what the then German government did in 1941.

Keep politics out of this sensitive but important labeling.
